# Community Outreach

## Historic Site Dedication, May 13, 2022

In 2020, SURF was designated a historical site in physics by the American Physical Society, recognizing the significant neutrino research done by Ray Davis. Members of Davis' family attended the celebration

## Davis Campus 10-year Anniversary: May 20, 2022

SURF celebrated the people who built the Davis Campus and the scientists who built the experiments.
